

IRELAND ON A BUDGET

Exclusive Member Perks – Licensed Private Driver Network

As an approved member of the Licensed Private Driver Network, you will receive the following benefits as part of a structured, regionally managed annual membership.

For full details on how the network operates and how to apply, please visit the Licensed Private Driver Network page on the Ireland on a Budget [website](#).

1. Featured Listing on My Website

Approved members receive a [professional listing](#) on the Ireland on a Budget website that includes:

- Your name and primary base location
- The regions and areas of Ireland you serve
- Your website (if applicable)
- Contact details
- Wheelchair accessibility information (if applicable)
- Any additional qualifications beyond your SPSV/LPSV license (for example, certified tour guide status)

2. Facebook Group Promotion

As a member of the Licensed Private Driver Network, you will benefit from structured exposure within the Ireland Travel Planning Tips Facebook Group.

This includes a rotational “Member Spotlight” feature, with frequency determined by the size and regional composition of the network. Members will be notified in advance with guidance on what materials may be required (e.g., photos, testimonials, business highlights, etc.).

Additionally, once a month, I'll pick a region of Ireland and highlight the licensed driver network members who are based in that area. This is an intentional marketing strategy that aligns with what members are looking for, e.g. driver in Kerry, driver for Northern Ireland, etc., that will give you more exposure.

3. Inclusion in the Licensed Private Driver PDF

Members are prominently included in the official Licensed Private Driver Master PDF available within the Facebook Group's Files section.

This PDF highlights your business details, reviews, credentials, and regional base location, reflecting your approved status within the network.

You will also, where appropriate, be included in the niche files that I created, all saved to the Files section. These PDFs help members find a suitable driver, whether they are looking for airport transfers, day tours, a driver who operates a wheelchair-accessible vehicle, and more.

4. Newsletter Mentions & Direct Referrals

"Member Spotlight" features may also be included in the Ireland on a Budget monthly newsletter.

When subscribers contact me directly seeking a licensed private driver in a particular region, approved Network members receive referral consideration, allowing for direct follow-up with prospective clients.
