

ÉGM Tours Review

It has meant the world to us to have spent time with you for our tour and having our engagement photos done. We couldn't have asked for a better experience and your kindness and conversation put us at ease from the very beginning of our journey. Everything from the moment you picked us up at our hotel with champagne, sweet card, snacks and your luxurious car to all the beautiful sites you brought us to in West Clare were amazing and the memories we made will be unforgettable.

Our photos came out so beautiful and really captured us as an engaged couple! Coming from the U.S. we always heard how beautiful Ireland was, but this tour truly brought us to the most beautiful spots and to have photos of us at these places is something we will always cherish.

The quality of your photography is outstanding, and we have already gotten so many kind words and praise from all our family and friends that we have showed the photos to. The disposable camera was a very nice touch too and we finished using the film for the rest of our trip, another keepsake we will enjoy for years to come.

Your professionalism is unmatched. We wish you the best and will be spreading the word to anyone looking for a tour and photography in Ireland.

We can't thank you enough!

Best regards,

Allison and Carl
